

PUBLIC NOTICE

The Utah Radiation Control Board, Utah Department of Environmental Quality, is soliciting public comment regarding proposed changes to the Utah Radiation Control Rules. The proposed changes involve R313-15 "Standards For Protection Against Radiation" and R313-22 "Specific Licenses." The proposed changes include: a new definition of "nationally tracked source," additional reporting requirements for licensees possessing nationally tracked sources, new requirements on the manufacturers of nationally tracked sources, and incorporating by reference Appendix E "Nationally Tracked Source Thresholds" to 10 CFR Part 20.

The proposed rules are available for public review and to be copied between the hours of 8:00 a.m. to 5:00 p.m., Monday through Friday, at the following address: Division of Radiation Control, Room 212, Airport East Business Building (DEQ Bldg #2), 168 North 1950 West, Salt Lake City, Utah. Information regarding the rules may be obtained by contacting Philip Griffin, Division of Radiation Control, Telephone (801) 536-4250.

Written comments must be received no later than the close of business on October 1, 2007, and should be addressed to: Dane L. Finerfrock, Executive Secretary, Utah Radiation Control Board, 168 North 1950 West, P.O. Box 144850, Salt Lake City, Utah 84114-4850, or by email at DFINERFROCK@utah.gov
